

Dear Mr. Sabino,

July 22, 2012

We chose your roofing company because Owens Corning web site and The Better Business Bureau highly recommended you. We bought our house here on Melody Manor in 1966, a new home for a family to grow up in. Over the years we have had 2 Owens Corning Master White Roofs & a room addition added in 1978. The Stenger family built our home to last as a life span home and it has been. You can imagine over 45 years how many laborers have been in our home to help us. We began to believe our country didn't have any more good men. They usually did more damage than help. Until Jason and his crew came Friday and put our new roof on. We had put off getting a new roof because of not wanting more human damage to our property. Your group was so incredibly refreshing it has done a great deal to give us hope for our hometown. And hope for the future of our country. Jason had a system and his men respect him and each other and their system. It was just a pleasure to be around good natured hard working decent men. As a tiny older woman and aging marriage - 50 yrs this fall - it just lifts our spirits to know the world still has good people who respect one another, respect people's property and respect their employer and the gift of work and satisfaction of a job well done. Thank you very very much. It was a pleasure doing business with you and yours. We were blessed by their presence.

Sincerely

Ed Mitchell & Jan Mitchell
